• This homework is the last homework that will be graded this term. It is longer than a normal homework because it is important that you spend the time to master the techniques ready for next term when we will use them all the time! I will not collect this homework in until MONDAY of DEAD WEEK – so you have a few more days to work on it.

• I will be giving out some PRACTICE FINAL questions on the Monday of Dead week. I will give out solutions to the practice final questions on the last day of classes, when I will also answer any questions you have about them.

• You should by now have read sections 2.1, 2.2 and 2.3 from the book. The last section we are going to cover in detail this term is section 3.1 – so read it now! Next term we will begin by finishing off chapter 3, so if you want to get a head start, you could read the rest of that chapter over the break...

• A reminder: our final exam is 15:15–17:05 W Dec 11, Deady 306. It counts for 45 percent of your final grade...

• Exercises 2.3: 18.
• Exercises 2.4: 1(a)(b)(c).
• Exercises 3.1: 1(e), 2(a)(b)(c), 5, 6, 8, 9(a)(c), 10, 13, 14, 20(c).
