East Campus Area Open-space Framework Plan
and
East Campus Residence Hall
Informational Meeting
Campus Planning and Real Estate
July 14, 2009

We want to hear from you!
Please share your ideas at this meeting. If you need more time you may submit them by e-mail to Cathy Soutar at Campus Planning and Real Estate. To be most useful we ask that comments be sent no later than July 24th.

Why are we here?
• To present the preliminary East Campus Area Open-space Framework Plan and East Campus Residence Hall project’s initial siting and massing studies for feedback and comments at this early stage of project development.

What is it?
• The East Campus Residence Hall project is a major residence hall housing 400-500 freshman and upper level students from diverse backgrounds and accommodating a variety of different student living spaces, shared and common areas, dining facilities, and academic program spaces.
• This project triggers the requirement to develop and adopt an open-space framework plan for the East Campus Area. This work is being done in parallel with the East Campus Residence Hall project.

What are the next steps?
• To move forward while considering all comments provided.
• You will be invited to review and comment again at the end of the ECRH Schematic Design phase and when the East Campus Area Open-space Framework Plan is complete (scheduled for completion in Fall term 2009).

How to learn more...
Visit the project web site: http://uplan.uoregon.edu/projects/ECRH/ECRH.htm
Also you can access the UOs’ 2003 Development Policy for the East Campus Area at http://uplan.uoregon.edu/plandoc/plandoc.html
