

Final Exam

11/29/2023 - 12/06/2023

This is a limited-time open-book exam. You can use any inanimate resources you like, but please don't get help from live ones.

You can choose any contiguous twentyfour-hour period you like for working on the exam, but once you open it you must finish it within the next twentyfour hours. When you are done, scan it and email it to dbelitz@uoregon.edu. Please make sure the document is no larger than 5MB. The exam is due no later than Wednesday, Dec. 6, 5pm PST. Since different people will be working on the exam at different times I will not answer any questions, neither privately nor publicly. If you feel there is something wrong or ambiguous about the formulation of a problem, clearly state your assumptions and keep going.
