Evolution of the Genetic Variance-Covariance (G) Matrix
Readings complied by Patrick Phillips (9/02)

Background

Evolutionary Role of the G-matrix:

Reviews:

Statistical Approaches

Matrix Correlations:

Maximum Likelihood:

*Regression:*

*Flury Hierarchy:*

*Other methods:*

*Specific Studies*

**Evolutionary Forces**

**Theory:**

Selection:

Drift:

Recombination:

Mutation:

**Phylogenetic Context**

McGuigan. 2003

**Broader Issues**

**Development:**

Phenotypic Matrices:

Phenotypic Plasticity:
