

Statistical Methods in Psychology

Psychology 302

Fall, 1988

Text: Gravetter & Wallnau, *Statistics for the Behavioral Sciences* (2nd Ed).

Tentative Schedule:

Week	Readings	Exams
Sept. 26-28-30	Chap. 1,2	
Oct. 3-5-7	3,4	
Oct. 10-11-12	5,6	
Oct. 17-19-21	7,8	Quiz #1 Wed. (Ch. 1-6)
Oct. 24-26-28	9	
Oct. 31-Nov. 2-4	10	
Nov. 7-9-11	11, 12	Quiz #2 Wed. (Ch 1-12)
Nov. 14-16-18	13	
Nov. 21-23	15	
Nov. 28-30-Dec. 2	16	Quiz #3 Wed. (Ch 1-13 & 15)
Dec. 5-7-9	17	
Dec. 12	Final Exam Monday, 10:15 (Ch 1-13 & 15-17)	

Quizzes & Exams: Quizzes 1-3 will be 50-min. closed-book exams. The final will be a 2-hour open-book exam. Calculators may be used on exams, but you cannot have a fancy statistical calculator do all the work for you. To receive credit for a non-trivial problem, you must show each step of your calculations on the exam. Quizzes are cumulative, but emphasize recent material.

Homework: There will be weekly homework assignments. These will be recorded for completeness, but will not be graded.

Laboratories: During lab sessions, the TA will explain material from the text and lectures, discuss homework problems, and review for exams. To have your homework recorded, you must turn it in at the end of the lab session.

Grading: Final grades will be determined 20% by each quiz and 40% by the final exam. Homework will be taken into account in borderline cases. (For example a student with a high C+ average on exams who completes and turns in all homework will be given a B-.) University regulations regarding incompletes will be strictly followed.

Office Hours:

Name: Douglas Hintzman
Office: 307 Straub
Hours: Monday 2-4
Tuesday 2-3

Scott Fischer (TA)
257 Straub
Monday 12:30-2:30
Wednesday 12:30-2:30
