

**10 November 2004\_Motion 2**

**Undergraduate Council Action**

**Program proposal for eliminating Pre-Psychology as a major**

- The Pre-Psychology major was used as a way of checking prerequisites. Now that the Registrar's Office has a computerized system for doing this, the Psychology Department has proposed to eliminate the Pre-Psychology major.
- The CAS curriculum committee agrees with the proposal
- The proposal does not change programming for pre-majors.

The motion to drop Pre-Psychology as a major passed unanimously.
