INSTRUCTIONS FOR USING THE DUMPSTER/RECYCLING ENTRY FORMS

1. Enter quadrant number on data entry form
2. Place a point as close as possible to location of the dumpster and number the point (we are interested in all dumpsters, so you will need to walk down the alleys)
3. Write the corresponding number on the data entry form and fill out the required information for that particular dumpster

DUMPSTERS/RECYCLING

ID #: write the number corresponding to the point on the paper map
