The special committee on Major Subjects made the following recommendations, which were adopted:

The special committee appointed to consider the matter of major subjects to have leave to recommend the adoption of the following method of procedure:

At the beginning of the session.
year, the student shall file in the office his choice of a major subject. He shall have it as assigned to the head of this department in which his major subject lies, who shall act as adviser and shall specify the subject which constitutes the major, in their proper sequence, together with such subjects (not already taken by the student) as it may deem to be prerequisite to the major subject, including the required subjects in the Freshman and Sophomore years of the group to which the major subject belongs. Said prerequisites shall be counted, to the extent of their credit, in lieu of the free electives of the Junior and Senior years, but shall not be counted as part of the major subject. The head of the department shall file in the office a list of the subjects constituting the major, together with the prerequisites and free electives, and the dean shall file with the student's card in accordance with the said list.
On the recommendation of the Graduate Council, it was decided to grant credit up to the maximum number of 120 credit hours in the 'Senior Part' for work in their 'Senior Part' degree. The actual number to be determined by the Graduate Council.

On motion of Prof. Harvey, the President appointed the following committee of three to further define the term 'Senior Part': Prof. Harvey, Prof. Cason, Dr. Schmidt.
