1. Plans of the administration force and of each department as to proposed exhibits, their list and method of treatment, should be handed to the committee on the Wednesday before the regular November meeting of the faculty.

2. In order that no fault of the university exhibit suffer disfigurement because of imperfections in mechanical execution, it is urged that the university provide the services of experts in drawing to transfer exhibit data to exhibit maps and charts.

3. It is suggested that the committee be authorized to secure plans, representations, and models of desired mounting and installation furniture. The cost of the same, if member of the faculty judge to carry out special plans or mounting or arranging exhibits, it is necessary that they furnish plans, submit exact estimates of cost, etc., before the November meeting.

4. All exhibit must be in read state to be put in final form or exhibit sheets by the first of April. This will require preciseness of a member of experts in drawing sufficient to complete the process within the month of April.

Memorial to the Condor on his birthday
March 2, 1905.

Regular meeting of the Faculty.

Professors Condon, McAlister, and Young excused.

Minutes of the previous meeting were read and approved.

The Committee appointed to decide on some suitable way of recognizing Dr. Condon's birthday, March 3rd, reported the following memorial:

Dr. Thomas Condon, We who have been the fortunate associates in your labors for so many long years past, in the University of Oregon, some of us from being students in your classes, others long enough certainly to have learned very quickly your great heart, now wish to congratulate you on the attainment of your birthday. The recurrence of the day has served to bring keenly to our minds the unpaid and unpayable debt we owe your unwearied efforts and sincere sacrifices for the University of Oregon. We realize how much it has meant for us to have had you among us with your whole-hearted, refined, and genuine traits of character. Selfishly considered, we deem ourselves as having owned in you a precious gift; regarding it more liberally, we cannot hope to estimate the happy influence your presence and tutelage have done, during all these years, upon the hearts and minds of our students. It is with a desire on our part to have you know the sincerity and depth of our regard for you, that we, the Faculty of the University of Oregon, have, by formal motion, chosen to signify your birthday with this memorial. We congratulate you, most esteemed and honored associate, upon the ripeness and fullness of your splendid life. You have been, are, and will always be, a beautiful inspiration to us. E. J. Hawthorne, John Straub
