On motion, the **memorial** was ordered spread on the minutes of the faculty, and the Committee was requested to present it to Dr. Condon.

The following resolution was presented to the faculty and adopted:

*Whereas, the practice of registering and reporting for the commencement of class work later than the time regularly set for these purposes seriously interferes with starting work off in a businesslike manner, and thereby diminishes the total amount of work which can be accomplished during the academic year, and*

*Whereas, it is apparently necessary for the good of the University that some means be taken to break up this habit, therefore be it*

**Resolved,** that this body recommends to the honorable Board of Regents of the University of Oregon that they establish the rule that a registration fee of two dollars, or such sum as they may agree upon, be collected from each student who registers later than the last day regularly announced in the University catalogue upon which registration shall take place. (Signed Joseph Schofer, James M. Hyde, R.H. Dearborn).

The following resolution, presented to the Faculty at a previous meeting, was taken from the table, and after letters received by Prof. Dunn concerning the experience of other institutions in the state were read, the resolution was passed and recommended to the Board of Regents for its consideration.

"Whereas the date at present set and in operation for the annual opening of the University is shown to be too early for the completion of several local industries of the summer and fall, in which numbers of students yearly take part, and

Special Examination

Information in Trigon
Mathematics.
Whereas, the opening weeks of work in the various departments are thus seriously crippled by the late entrance of students,

Be it resolved that in 1905 and thereafter the opening of the University be fixed on the first Wednesday, following the last Tuesday of September, and that the second semester be closed correspondingly later in June."

Professor DeCou was granted permission to hold a special examination in Trigonometry for the engineering students taking freshman mathematics.

Adjourned.
Frank Hillard excused from the

Engineer.

Articles 9 and 10 added to report
of majority of Committee on Course of Study.

Majority Report on Course of Study.
April 6, 1905.

Regular meeting of the Faculty.

Professor Condon excused, Professor Dunn absent.

The minutes of the previous meeting were read and approved.

On recommendation of Professor McAlister, Frank Dillard was excused from the required senior work in Steam Engine, the course not being offered this year, and Mr. Dillard having sufficient credit for graduation.

On motion of Professor Young, the members of the Faculty desiring to make arrangements with book dealers for the coming year were requested to report their wishes in the matter to the President.

The motion, fixing 5:30 as the time of closing the present meeting was lost.

The motion of Professor Young that the business of the meeting be limited to the presentation of the reports of the committee on Course of Study, was lost.

At the request of Professor Stafford the members of the Committee on the Course of Study signing the majority report accepted the following amendments, or additions to their report: Section 9 changed to Section II, Sections 8 and 10, proposed by Professor Stafford, inserted.

Professor Harthorne read the majority report of the Committee, including the articles added by Professor Stafford, as follows:
Article 1, amended, see page 391.

See page 393 for vote on this article.
March 17, 1905.

To the Faculty:—

Your Committee on Course of Study would respectfully submit the following report:

I

The degree of Bachelor of Arts is conferred upon students of the College of Literature, Science, and the Arts, who have been in residence at least one academic year, and who have secured one hundred and twenty semester hours of credit exclusive of physical training. (see / 397)

2

Each student upon entering the University shall select as his major subject the work of some one department, the head of which department shall be his adviser in all matters pertaining to the curriculum. The student's study card shall be made out and signed by the Major Professor, and no change shall be made without consultation with him, provided that a student may change majors at the beginning of any academic year by filing a petition, indicating the proposed change, with the Registrar. Change of major at any other time shall be made only with the consent of the department concerned, and after action by the University Faculty.

3

All candidates for the Baccalaureate degree shall present an approved graduating thesis in their major subject. Credit not to exceed four semester hours, may be allowed for the preparation of a graduating thesis.
Article 4 amended, see page 392.

Article 7 amended, see page 395.

Article 8 amended, see page 397.
In addition to the 120 semester hours required for each student at graduation, four semester hours shall be earned in physical training, two in the Freshman year and two in the Sophomore. In case students are for valid reasons excused from physical training, such students shall earn an equivalent amount of credit in other departments.

Three hours shall constitute a laboratory period.

The work required in the major subject (including thesis and required work) shall not be less than twenty nor more than forty semester hours.

The maximum number of semester hours for Freshmen shall be 16; minimum 12; for higher classes, maximum 16, minimum 13.

Every student before being admitted to full Freshman standing shall be required to pass an examination testing facility and accuracy in the use of English.

Every candidate for the degree of Bachelor of Arts shall secure during his Freshman and Sophomore years credit in languages other than English to the extent of 16, 18, or 20 semester hours which shall be taken in two year-courses.

The studies of the Freshman year, except as hereinbefore provided, shall be chosen from a list of subjects, such list to be constituted of courses which the several departments may desire to offer as Freshman work.
Article 11 amended. See page 392.

Minority Report passed on read.
(Report on file. Not signed on record.)

Vote on Article 2.
The head Professor in the Department of Engineering chosen by the student, shall be the student's adviser in educational matters, and he shall have authority to require the completion of fundamental courses in his own department, but such requirements shall not exceed 40 units hours. 180 unit hours shall be required for graduation, exclusive of gymnasium work. Three hours shall be a laboratory period.

B.J. Hawthorne,
E.R. McAlister.

Professor Young and Professor Carson passed over the reading of the minority reports presented by them, said reports having been in the hands of the Faculty for some days.

On motion of Dr. Sheldon, the majority report was taken up section by section.

Section I was adopted as presented.

Dr. Sheldon, in explanation of Section 2, said that it was not the intention of the Committee that the major professor should arbitrarily make the list of subjects in the freshman year.

The motion of Professor Young to substitute that part of the first minority report concerning freshman advisers and sophomore advisers for Section 2 of the majority report, was lost.

Section 2 was adopted as presented. Those voting aye: Professors Boynton, Dearborn, Friedel, Hawthorne, Howe, Hyde, McAllister, Schafer, Schmidt, Sheldon, Stafford, Sweetser; Voting no: Professors Carson, DeCou, Glen, Straub; Absent: Professors Condon, Dunn, Young.

Section 3 was adopted as presented.

Section 4 was laid on the table until the next meeting of the Faculty in order that Mr. Burden could be consulted in regard to its practicability.

Section 5 was adopted as presented.

On motion, the Faculty adjourned to meet Friday afternoon,
Article 7 amended.

B.S. degree for science students referred to a committee.
Adjourned meeting of the Faculty.
Professor Condon excused; Professor Young absent.

Section 4, of the majority report on the course of study, was
taken from the table, and adopted with the addition of the statement
that "Two hours of work in the Gymnasium shall be equivalent to
one semester hour."

Section 6 was adopted as presented.

On motion of Professor Howe, section 7 was amended, making the
maximum number of semester hours for students in the first three
years 16, minimum 13, and for students in the senior year, maximum
16, minimum 12. Professor Carson moved to amend the amendment by
the substitution of the section concerning Minimum and Maximum Hours of
the Second Minority Report. The amendment to the amendment was
lost, and the section adopted as amended.

Dr. Sheldon moved to amend section 8 by the addition of the fol-
lowing sentence: "Students failing to pass the examination shall
remove the condition by taking a course of two semester hours in
English, for which college credit will be given". At the suggestion
of Dr. Boynton, Dr. Sheldon accepted the substitution of the words "at
the beginning of his freshman year" for the words "before being
admitted to full freshman standing" of the section as originally
presented by the committee. The amendment was lost, and the
section adopted as presented.

Section 9 was adopted as presented with the addition of I4 to
the possible combinations of language credits.

A motion to adjourn until the following Monday was lost.

Section 10 was adopted as presented.

Section 11 was adopted as presented, with the addition of the
statement that the B.S. degree shall be granted to graduates of the
Engineering departments.

The matter of granting the B.S. degree to graduates of
the pre-medical was referred to a committee composed of Professors
Stafford, Sweetser, and Friedel.

Adjourned.
Recommendations of Faculty to the Board of Regents concerning regulations for faculty and students (which were adopted by the Board). Recommendations now on file.

Article I amended.

Article II amended.

Recommendations regarding method of estimating debt under new system.
