SPECIAL MEETING OF THE FACULTY

The meeting was called to order by President Hall. A quorum being present, the following business was transacted.

UNEMPLOYMENT RELIEF. President Hall presented to the faculty the situation in the State of Oregon in connection with unemployment, and the plans contemplated by the state officers to meet the situation. After considerable discussion the following resolution was presented and adopted by the faculty:

WHEREAS the country is undergoing one of the most drastic periods of depression in its history, when the amount of unemployment is bringing vast numbers of our fellow citizens to want and misery, and when it becomes the privilege of those who have employment to share with those who have not, and

WHEREAS the authorities of the nation and state have appealed for cooperation of all classes of employed for aid in the present emergency, therefore,

BE IT RESOLVED by the faculty of the University of Oregon that it recommend to its members that each person contribute an amount equal to one day's salary in each month for five months to the relief of unemployment and that the president of the University be authorized to appoint a faculty committee on details and arrangements.

President Hall appointed to membership on the committee mentioned above Dean Sheldon, Chairman; Dr. Milne; Dean Paville.

There being no further business, the meeting adjourned.

SPECIAL MEETING OF THE FACULTY

The meeting was called to order by Dean Gilbert. A quorum being present, the following business was transacted. This being a special meeting, the reading of the minutes of the preceding meeting was dispensed with.

Upon motion of Professor Spencer the following motions were made, seconded, and passed:

NEW GRADING SYSTEM. That the A, B, C, D, F, grading system as announced in the special faculty bulletin of October 8, 1951, be substituted for the old I, II, III, IV, V grading system.

COMPUTATION OF GRADE POINTS. That grade points be computed as follows: 3 grade points for every hour of A; 2 grade points for every hour of B; 1 grade point for every hour of C; 0 grade points for hours earned with the D grade; -1 grade point for every hour of F.

CREDIT FOR MORE THAN 16 HOURS. That University Regulation No. 20 (1931 compilation) which reads as follows:

"AMOUNT OF WORK TO BE CARRIED BY STUDENTS. a. A normal schedule is 15 to 16 hours a week. Each student, however, is subject to the restrictions and requirements of his school or department and of his adviser within the following limits: a student may be permitted to carry as few as 12 hours or as many as 19 with the proviso that in no event shall he receive more than 16 term-hours credit toward graduation unless his grades average III or above."

be amended by striking out the words "grades average III or above" (underlined above) and substituting "Grade Point Average for that term is 1.5 or better."

JUNIOR CERTIFICATE WITH UPPER DIVISION STANDING. That University Regulation No. 31, which reads as follows:

"JUNIOR CERTIFICATE WITH UPPER DIVISION STANDING. This certificate admits a student to upper division standing. It is very essential that a student obtain this certificate at least three terms before he expects to graduate from the University. Otherwise, his graduation will, in all probability, be delayed because of the fact that he must earn at least 45 hours of upper division credit after he has received his Junior Certificate with Upper Division Standing. The requirements for this certificate are as follows:

1. All requirements listed above for the Junior Certificate fulfilled.

2. 70 or more term-hours completed with a grade of IV or better."

be amended by striking out the words "70 or more term-hours completed with a grade of IV or better" (words underlined above) and substituting therefor: "Cumulative Grade Point Average of 0.75 or better (including only grades on the ABCDF scale)."

GRADE POINT AVERAGE FOR GRADUATION. That University Regulation No. 35, which reads as follows:

"HOURS. 185 term-hours, of which 140 must be with the grade of IV or better; the last 45 hours must be earned with the University of Oregon; 45 hours of upper division work must be earned after the receipt of the Junior Certificate with Upper Division Standing. A minimum of 62 hours is required in upper division courses, provided, that candidates in the professional schools may receive the bachelor's degree with 45 term-hours or more of upper division work earned subsequent to receipt of one of the certificates named above when the dean of the school has filled with the registrar a statement certifying that the student's preparation for definite vocational work made it impossible to take the required 62 hours in upper division courses and provided, further, that a student who has graduated from a normal school of recognized standing prior to the passage of this legislation (March 2, 1927) may, on recommendation of
of the Academic Requirements Committee be granted the certificate to which he would otherwise be entitled despite the fact that certain lower division requirements have not been met. Such shall not, however, be deemed a waiver of any lower division requirements for graduation."

be amended by striking out the words "of which 140 must be with the grade of IV or better" (words underlined above), and substituting therefor: "with a cumulative Grade Point Average of 1.0 or better (including only grades on the ASCDF scale)."

There being no further business, the meeting adjourned.

REMARKS BY CHANCELLOR KERR. Chancellor Kerr referred to the existing educational situation and pointed out the necessity for cooperation between institutions and departments and schools within each institution. He reaffirmed his belief in the future of higher education, saying that the people of Oregon are interested in the highest type of training maintained on the highest possible level of efficiency.

RESOLUTION IN SUPPORT OF DR. KERR. The following resolution was presented by Professor DeCou, seconded by a member of the faculty, and unanimously passed.

"The faculty of the University of Oregon hereby extend to Chancellor Kerr congratulations on the high honor and great opportunity conferred upon him by the State Board of Higher Education.

"It assures him of its hearty cooperation in carrying forward the idealism and high scholarship of his able predecessors from President Johnson to President Campbell and President Hall. It desires that his new responsibilities may be the culmination of his quarter century of distinguished administrative service to the State, and may be the means of unifying all the instrumentalities of higher education in efficient training of the youth of Oregon in the development of the best in their intellectual and spiritual lives."

RESOLUTION IN APPRECIATION OF DR. HALL AND HIS WORK. The following resolution commanding Dr. Hall for his work at the University of Oregon was presented by Dean Morse, seconded by a member of the faculty, and unanimously passed. The secretary was instructed to send a copy of this resolution to President Hall.

"WHEREAS, Dr. Arnold Bennett Hall, President of the University of Oregon from 1928 to 1932, has resigned from the presidency, and has accepted the directorship of the Institute for Government Research of the Brookings Institution; therefore

"BE IT RESOLVED, that the faculty members of the University of Oregon do hereby extend to Dr. Hall their sincere good wishes and hearty congratulations; and

"BE IT FURTHER RESOLVED, that they do hereby express to Dr. Hall their appreciation for the monumental service which he as President of the University rendered to the State of Oregon. May he hereby be assured of the faculty's respect for and appreciation of his inspirational leadership and educational ideals and philosophy. May he know that the faculty recognize him as a dreamer who possesses the rare ability of being able to apply his dreams in the realm of reality, and that as a leader they know him as a dynamo of human energy, strong of purpose, critical of compromise, fearless in his leadership; and

"BE IT FURTHER RESOLVED, that the faculty hereby assure Dr. Hall that the esprit de corps and willingness to cooperate which strengthened under his administration, will be extended to the new Chancellor. The faculty pass from one administration to another, motivated solely by the desire to advance and develop the high ideals of education which are epitomized in the University of Oregon."

RESOLUTION CONCERNING DEAN STRAUB'S DEATH. The following resolution was presented by Professor Dann, seconded by a member of the faculty, and passed unanimously. The secretary was instructed to send a copy of the resolution to the family.

"The University of Oregon, long mate in the face of the inevitable climax, now laments the passing of its oldest soldier, Dean Emeritus of Men, Dr. John Straub. We could be forgiven a human inclination to mourn, but there is distinctly the sensation of a still living entity, rather than of death. Instead of a vacant chair or a shattered column, there looms the figure of the ancient Victory inscribing on her shield,—one more name, fresh at the close of her list. Oregon is affluent in the memory it shall always cherish of the man who, for well beyond a half century, shared and helped shape her welfare. John Straub will be remembered, not so much as a profound thinker, but as a prophet of inspiration,—not as a writer of books and diatribes, but as wielding a scalpel and chisel on the lives of his students,—not as worried with pedagogic quotients and instructional
objectives, but immensely concerned with accomplishment of tasks,—not as orator or pulpiteer, but as speaker of words both direct and homely. This estimate is no eulogy tendered post-mortem but the summation of tribute from Alumnae and Freshman, constant during all the years of his service, which we, his associates on the Faculty, do now cordially acclaim. Oregon without its John Straub is unthinkable. John Straub even in death cannot be disowned from his University."

There being no further business, the meeting adjourned.

EARL M. FALLET, Secretary
