

**Developing Sustainable Networks of Women Scientists for Addressing Issues of
Hydrological Events and Hazards
Buenos Aires, Argentina
November 3-6, 2013**

Marcela Oyarzo Baez, Meteorology Ministry of Public Works, Chile	marcela.oyarzo@mop.gov.cl
Sandra Barriga Curillo, Hydrology SENPLADES	spbarrigac@yahoo.com
Reggina Cabrera, Hydrology NOAA	reggina.cabrera@noaa.gov
Barbara Carby, Risk Management University of West Indies	barbara.carby@uwimona.edu.jm
Katharine Cashman, Volcanology University of Oregon/Bristol	cashman@uoregon.edu
Monica D'Elia, Hydrology Universidad Nacional Litoral	mdelia@fich.unl.edu.ar
Adriana Maria Erazo Chica, Hydrology Ministry of Environmental and Natural Resources, El Salvadore	adrierazo@gmail.com
Dora Goniadzki, Floods and Droughts National Weather Institute, Argentina	doragoniadzki@gmail.com
Jessica Greene, Health Services Research George Washington University	jessgreene@email.gwu.edu
Veronica Griffis, Water Resources Engineering Michigan Technical University	vgriffis@mtu.edu
Sarah Kruse, Geophysics University of South Florida	skruse@usf.edu
Arpita Mandal, Hydrology University of West Indies, Mona	mandalarpitaster@gmail.com
Paloma Martinez Fernandez, Natural Resources Universidad Nacional del Comahue	mfpaloma@gmail.com
Tania Pena Paz, Hydrology SERNA DGRH, Honduras	tmpenapaz@gmail.com

Katya Perez, Hydrology and Meteorology
Hydrology and Meteorology National
Institute, Ecuador kveronica.perez@gmail.com

Geraldine Richmond, Chemistry & Materials Science
University of Oregon richmond@uoregon.edu

Elizabeth Rovere, Geology
SEGEMAR - Regional Geology eirovere@gmail.com

Katherine Vammen, Hydrology
National Autonomous University
of Nicaragua kvammen@cira-unan.edu.ni

Ellen Wohl, Fluvial Geomorphology
Colorado State University ellenw@cnr.colostate.edu
