Emilie Hooft

Science Party Leader Shift 2

William Wilcock

NOTES:

*Each of the three Technical Groups (Acquisition, IT/Nav, and Sound Source/Handling) will fully transition to 2 watches when necessary to leave flexibility to support Seismic gear deployment. Science operations manned 24 hours whenever data is being collected.

*Tech-in-charge and PI will work out schedule for watch standing visiting science party including shift leaders and on deck responsibilities and seismic deployments.
