SERVICE-LEARNING PROGRAM

# Light a Spark!

**Share your passion with young people** in the Promise Neighborhoods! The Service-Learning Program and United Way of Lane County have partnered to bring UO students into K–12 schools in the community. You have the chance to be a positive adult role model in kids' lives. You and your peers will plan and lead fun and inspiring after school clubs. You can **start your own club or join in one that interests you**. Volunteers also **receive leadership training and professional development** throughout their term of service. This volunteer project offers plenty of opportunities for you to exercise your creativity and initiative! **Come help build this great new program!**

**Start Sharing:** Your passion for working with young people ▪ Your love of learning ▪ Your desire to improve community

## **Commitment:**

- One afternoon a week
- Half hour weekly planning
- Two hours training during week one

## **Development Opportunities:**

Professional and personal development opportunities are available, from résumé building to lesson planning to leadership.

## **Earn academic credit for volunteering!**

Opportunity to earn credit through Service-Learning Seminars: K–12 Education, Human Services, and Service-Learning Theory and Practice.

**Each seminar is two credits.**

EO/AA/ADA institution committed to cultural diversity.
