

We are a group of architecture graduate students at the U of O. This survey is a part of a study we are doing on noise in apartment buildings. If you could spare a few moments to help our research, you would make us very happy. All you need to do is complete this short questionnaire, which should take approximately 5 minutes. If you do not wish to participate, simply discard the questionnaire.

If you choose to participate in the survey, please just return it to the mail clip outside your door, or tape it to the outside of your door, and it will be picked up on FRIDAY, May 25, in the morning.

All survey results will remain completely anonymous

Your name will not appear anywhere on the survey. Completing and returning the questionnaire constitutes your consent to participate. Please save this letter for your records.

If you have any questions about the survey, or if you would like more information about the project, please feel free to visit the project website at:
