

Education & Work Experience:

- 2009. B.S. Mathematics (with Highest Honors), University of Texas at Austin
- 2010. M.A. Mathematics, University of California Los Angeles
- 2014. Ph.D. Mathematics, University of California Los Angeles
 - Thesis: *Nonlinear Schrödinger equations at non-conserved critical regularity*
 - Advisors: Rowan Killip and Monica Visan
- 2014–2017: NSF Postdoctoral Fellow, Department of Mathematics, University of California, Berkeley
- 2017–2023: Assistant Professor, Department of Mathematics & Statistics, Missouri University of Science and Technology
- 2023–present: Assistant Professor, Department of Mathematics, University of Oregon

Research: Nonlinear partial differential equations, harmonic analysis, inverse problems.

External Funding.

- 2014–2017. NSF Postdoctoral Fellowship. ‘*Dynamics of Large Solutions to Critical Problems in Dispersive Partial Differential Equations*’. Award Number: 1400706. Amount Awarded: \$150,000.
- 2017–2019. AMS-Simons Travel Grant. Amount Awarded: \$4,000.
- 2018–2023. Simons Collaboration Grant. Award Number: 578746. Amount Awarded: \$42,000.
- 2022–2024. NSF Standard Grant. ‘*LEAPS-MPS: Long-time behavior for nonlinear dispersive equations.*’ Award Number: DMS-2137217 (Missouri S&T), DMS-2350225 (University of Oregon). Amount Awarded: \$169,677.
- 2024–2029. Simons Foundation, Travel Support for Mathematicians Program. Amount Awarded: \$42,000.

Publications and Preprints.

Recent Invited Talks.

- 2019. Workshop on Harmonic Analysis and Nonlinear Partial Differential Equations, Research Institute for Mathematical Sciences, Kyoto University
- 2021. Joint Mathematics Meeting, AMS Special Session on Partial Differential Equations and Spaces of Holomorphic Functions (online)
- 2021. Bielefeld Analysis Seminar (online)
- 2021. Evolution Equations in Mathematical Physics: Dispersive and Hyperbolic, Tianjin University (online).

- 2021. University of Illinois Chicago, Analysis and Applied Mathematics Seminar (online)
- 2021. Institute for Applied Physics and Computational Mathematics, Beijing, China (online)
- 2021. Ningbo University Seminar, Zhejiang, China (online)
- 2022. Workshop: Nonlinear Waves and Dispersive Equations, Oberwolfach, Germany
- 2022. Inverse Problems in Analysis and Geometry, University of Helsinki, Finland.
- 2022. Workshop on Nonlinear Dispersive Wave Equations, Peking University (online).
- 2022. Saint Louis University Colloquium.
- 2022. Midwest PDE Seminar, University of Missouri Columbia.
- 2022. Prairie Analysis Seminar, University of Kansas.
- 2022. Institute for Applied Physics and Computational Mathematics, Beijing, China (online)
- 2022. University of Wisconsin PDE Seminar (online).
- 2022. Workshop on Scattering and Inverse Scattering, Johann Radon Institute for Computational and Applied Mathematics, Austrian Academy of Sciences (online).
- 2023. University of Washington Seminar.
- 2023. Purdue University Spectral and Scattering Seminar.
- 2023. Oregon State University Colloquium.
- 2023. IAS Workshop on Inverse Problems, Imaging and Partial Differential Equations, Hong Kong University of Science and Technology.
- 2023. One Day Workshop on Nonlinear Dispersive Equations, Hokkaido University.
- 2024. Joint Mathematics Meetings. AMS Special Session on Dynamics and Regularity of PDEs.
- 2024. MICAMS Seminar, Missouri S&T.
- 2024. Tianyuan Mathematical Center in Southeast China, Xiamen University, Seminar.
- 2024. Workshop on “Nonlinear Dispersive Equations” at the Institute of Applied Physics and Computational Mathematics, Beijing, China.
- 2024. Beijing Normal University, Seminar.
- 2024. Federal University of Minas Gerais, Seminar.

Teaching and Service:

Teaching Experience.

- 2009–2014. Teaching Assistant (University of California Los Angeles)
- 2010–2011. Academic Excellence Workshop Facilitator, Center for Excellence in Engineering and Diversity (University of California Los Angeles)
- 2014–2017. University of California Berkeley
- 2017–2023. Missouri University of Science & Technology
- 2023–present. University of Oregon

Awards and Funding.

- 2013. Robert Sorgenfrey Distinguished Teaching Award (University of California Los Angeles)
- 2018. Fellow of the Missouri Section of Project NExT.
- 2018–2019. University of Missouri System Affordable & Open Educational Resources Initiative Award. Amount Awarded: \$10,250
- 2020–2021. Missouri University of Science & Technology Outstanding Teaching Award
- 2021–2022. Missouri University of Science & Technology Outstanding Teaching Award

Courses Taught.

- University of California Berkeley: Partial Differential Equations, Complex Analysis, Ordinary Differential Equations, Mathematical Tools for the Physical Sciences

- Missouri University of Science and Technology: Calculus III, Differential Equations, Linear Algebra, Foundations of Mathematics, Advanced Calculus, Real Analysis, Complex Analysis, Mathematics of Medical Imaging, Harmonic Analysis
- University of Oregon: Ordinary Differential Equations, Fourier Analysis and Partial Differential Equations, Linear Algebra.

Graduate Students Supervised.

- 2021–2024. Christopher Hogan (PhD, Missouri S&T)
- 2021–2023. Daniel Kovach (MS, Missouri S&T)
- 2020–2022. Timothy Van Hoose (MS, Missouri S&T)

Undergraduate Research Supervised.

- 2018–2023. Missouri S&T OURE Program. Students supervised: Nicholas Parris, Anzumaan Chakraborty, Galeg Selligman, Megan Benkendorf.
- 2022–2023. Funding through NSF grant. Madeline Kovalski and Jerrett Martin (Missouri S&T).
- 2024. Funding through NSF grant. Ryan Harber (University of Oregon)

Department-level Service.

- Missouri University of Science and Technology: undergraduate curriculum committee, colloquium chair, graduate policy committee, website committee, Ingram Lecture committee, chair search committee, tenure-track search committee.
- University of Oregon: scholarships and awards committee, analysis seminar organizer, undergraduate math club advisor, mathematics department executive committee.

Professional Service.

- 2014–present. Peer reviewer for academic journals.
- 2014–present. Reviewer for AMS MathSciNet (MR AuthorID 1034475)
- 2018. Co-organizer, ‘Recent progress in nonlinear dispersive PDE’. Special session in the 12th AIMS Conference on Dynamical Systems, Differential Equations and Applications; Taipei, Taiwan, July 5–9.
- 2020–2021. Co-organizer of the ‘MU-MST Joint Analysis Seminar’
- 2022–2023. National Science Foundation Reviewer
- 2024–2027. AMS-Simons Travel Grant Committee.

Outreach.

- 2017–2021. Talks for Undergraduates at University of Illinois Urbana Champaign, University of Missouri Columbia, Missouri S&T
- 2018–present. Mentor and Member of Doctorate Faculty Council, National Alliance for Doctoral Studies in the Mathematical Sciences, F-GAP Program.
- 2021–2023. Faculty Advisor, Foundation for Undergraduate Mathematicians (Missouri S&T)
- 2023–present. Faculty Advisor, Undergraduate Mathematics Club (University of Oregon)
- 2024. Volunteer, Eugene Math Festival (University of Oregon)
