WHAT WILL THE EMU BE?

①

Intellectually vibrant exciting

Inspires intellectual, social activity

EMU = heart of campus
welcoming to all

Esthetically pleasing

Working building, not a museum

Open bright exciting

THE campus hearth

Modern, spectacular building

Center for student engagement, working lab

Model for sustainable building

Airy, open

People to be happy in it, want to come here

Destination

Diverse offerings

Multipurpose, social spaces, hub

Attractive, functional structure

Accessible, green design, very "wired"

Welcoming, not too formal or casual

Fits in campus context

Forward thinking

Destination, not grab & go

Visible

Encourages diversity of interests

Plan for next stage of growth

Sustainable
Heart of campus
Program space that fosters collaboration
Second home for students
Utilizes technology
Hub of activity, exciting
Multicultural events
Events at all times
Extra curricular
Outstanding food
Great place to relax
Set standard for sustainability & flexibility
Sustainable
Flexible
Long hours of use
Paths through building, not stairwell
Well organized, ~~cast~~ easy to find around
Connecting hub for campus
Travel through it
Accessible to visitors
Spatial variety, group & individual study
Wireless
Actively sustainable
Cohesive
User-friendly
Uniquely Oregon

EMU EFFECT ON COMMUNITY ③

Place for everyone. stu. fac staff visitors

Accessible

Night-time focus, a place for after hours

Extend learning outside classroom

Be the "downtown" holding campus together

"Go to" place

Post Office!

Greater pride in the UO institution. UO place

Place for everyone — all students fac staff visitors

Diverse activities to supplement academics — conferences

Be on everyone's "to do" list

Destination for larger non-UO community
                    "Hey it's Saturday, let's..."

Name: Australian bird? Development opp.

EMU = Place where campus builds community
                    "culture↓
                    foster more/bigger/
                    enriched

EMU EFFECT ON PROGRAMS/SERVICES

Better

Adaptable for different groups.

Showcase programs
    e.g. not Multicultural programs at
    back of basement

Integrate & support academics creatively

Multi-use spaces to support large number of variety
    of programs flexibly

Blended spaces & functions
    San Jose library examples — Library + other groups
    Computer lab blends w/ food service w/out silos

Spaces for small groups to have private lunch

Adaptable technology, constr.

Breadth & quality of services

Like programs together to share facilities
    & create new interactions

No fear of excellence, shun mediocrity

Don't sacrifice functionality for beauty.

Ease of finding things

Avoid "bleeding edge" of new, exotic products — not an experiment

Areas for drop-in surprise
    flash mob — On The Rocks concert

More night life, night activities, long hours
