Please use a separate sheet for your answers to A, C, D and E..

- What language family does Maragoli belong to?
- Fill in the missing translations in 11, 20 and 23.
- List and gloss all the underlying forms of the morphemes in these data.
- Describe any morphophonemic patterns that derive the surface forms from your proposed underlying forms.
- Give complete morphophonemic derivations for #2, 9, 16, and 17.
