CROSSTIC 2012

Shorter! Smaller! Faster!

Just answer the **CLUES** (A through M), then transfer each letter (e.g., E-62) to the corresponding square in the **GRID** (62-E).

Work both directions, using pieces you have solved to help you guess more of the puzzle.

Bonus prize: The first column of number-blanks (reading downward) will reveal the author of the quote in the puzzle.
